STUDENT WELLNESS AT SHADY CREEK

Section 204 of the Healthy, Hunger-Free Kids Act of 2010 (Public Law 111-296) added Section 9A to the Richard B. Russell National School Lunch Act (42 USC 1758b), Local School Wellness Policy Implementation. The provision set forth in Section 204 expand upon the previous local wellness policy requirement from the Child Nutrition and Special Supplemental Nutrition Program for Women, Infants and Children (WIC) Reauthorization Act of 2004 (Public Law 108-265).

The Act requires each local educational agency participating in the National School Lunch Program or other federal Child Nutrition programs to establish a local school wellness policy for all schools under its jurisdiction.

Shady Creek Outdoor School Program is the Outdoor Education program, operated under Sutter County Superintendent of Schools. Shady Creek will include nutrition, nutrition education, physical activity and school wellness, pertinent to the Shady Creek program.

The Shady Creek Outdoor School Program Wellness policy will consist of these 5 components:

- I. Include nutrition and physical activity that promote student wellness
- II. Include nutrition guidelines to promote student health and reduce childhood obesity for all foods available at Shady Creek, via the MyPlate© guidelines
- III. Permit parents, students, school food authorities, school administrators, and the general public to contribute to the development, implementation, and review and update of the Shady Creek Outdoor School Program Wellness Policy
- IV. Have the Shady Creek Outdoor School Wellness Policy accessible to the general public
- V. Measure, periodically, the extent to which Shady Creek Outdoor School is in compliance with the school wellness policy.

School Wellness Policy

Shady Creek Outdoor School Program Wellness Policies on Physical Activity and Nutrition

Preamble

Whereas, children need access to healthful foods and opportunities to be physically active in order to grow, learn and thrive; and

Whereas, good health fosters student attendance and education; and

Whereas, obesity rates have doubled in children and tripled in adolescents over the last two decades, and physical inactivity and excessive calorie intake are the predominant causes of obesity; and

Whereas, heart disease, cancer, stroke, and diabetes are responsible for 2/3's of deaths in the United States and major risk factors for those diseases, including unhealthy eating habits, physical inactivity, and obesity, often are established in childhood; and

Whereas, only 2% of children (2-19) eat a healthy diet consistent with the 5 main recommendations from the U.S. Department of Health and Human Services Dietary Guidelines for Americans; and

Whereas, school districts around the country are facing significant fiscal and scheduling constraints; and

Whereas, community participation is essential to the development and implementation of successful school wellness policies; and

Thus, Shady Creek Outdoor School Program is committed to providing an environment that promotes and protects children's health, well-being, and ability to learn by supporting healthy eating and physical activity. Therefore, it is the policy of Shady Creek Outdoor School Program that:

Policy Approved

Board Policies and Regulations Manual
Sutter County Board of Education

Series 5000 – Student

- Shady Creek Outdoor School Program will engage food service staff, the Shady Creek Outdoor School Program Administrator, Shady Creek Outdoor School Program visiting nurse, Shady Creek Outdoor School Program staff (interns and naturalists), students, , cabin leaders, teachers and parents in developing, implementing, monitoring, and reviewing nutrition and physical activity policies.
- All students attending Shady Creek Outdoor School Program (grades 5 - 12) will have opportunities, support, and encouragement to be physically active on a regular basis.
- Foods and beverages served at Shady Creek Outdoor School Program will meet the nutrition recommendations of the *U.S. Dietary Guidelines for Americans*.
- Shady Creek Outdoor School Program food service staff will provide 5th and 6th grade students and high school cabin leaders with access to a variety of nutritious, and appealing foods that meet the health and nutrition needs of students and cabin leaders: and will provide clean, safe, and pleasant settings and adequate time for students to eat.
- Shady Creek Outdoor School Program will participate in available federal school meal programs (including the School Breakfast Program, National School Lunch Program).
- Shady Creek Outdoor School Program will provide nutrition information and recreational activities to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs.
- On May 15, 2006, the Governor signed into law SB 144 which enacted the California Retail Food Code (CalCode). With the enactment of CalCode, local enforcement agencies are refocusing their food facility inspections with emphasis on the Centers for Disease Control and Prevention's (CDC) identified foodborne illness risk factors and public health interventions. CalCode is intended to create uniformity and consistency throughout California. We are required, by the USDA, to have 2 food inspections each school year.

**Board Policies and Regulations Manual
Sutter County Board of Education**

Series 5000 – Student

TO ACHIEVE THESE POLICY GOALS:

I. Shady Creek Outdoor School Program Wellness Policy Committee

The Shady Creek Outdoor School Program Wellness Policy Committee (as provided in Federal Legislation) will assist in developing, implementing, reviewing, and, as necessary, revising school nutrition and physical activity policies. The committee will serve as the resource for implementing those policies. (A school wellness policy committee consists of a group of individuals representing Shady Creek Outdoor School Program [administrator, lead naturalist, food service, nurse, naturalist, and interns], students and parents, high school students and teachers.)

II. Nutrition Quality of Foods and Beverages Served on Campus

School Meals

Meals served through the National School Lunch and Breakfast Programs will:

- Be appealing and attractive to children;
- Be served in clean and pleasant settings;
- Meet, at a minimum, nutrition requirements established by local, state, and federal statutes and regulations;
- Offer a variety of fruits and vegetables;
- Serve only low-fat 1% or nonfat milk and nutritionally-equivalent non-dairy alternatives (to be defined by USDA); and
- Effective July 1, 2014, the federal regulations require all grains offered in NSLP and SBP to be whole grained rich (WGR). Products that meet the WGR criteria for the school meal programs contain at least 50% whole grain meal and/or flour. The remaining 50% or less of grains, if any, must be enriched. Foods containing between 50-100% whole grain meet the WGR criteria. Schools are not required to offer 100% whole grain products.
- Reduce the intake of sodium by July 1, 2017. SBP $\leq 535\text{mg}$ (grades 6-8) and $\leq 570\text{mg}$ (grades 9-12). For the NSLP $\leq 1035\text{mg}$ (grades 6-8) and $\leq 1080\text{mg}$ (grades 9-12).

Policy Approved

Board Policies and Regulations Manual Sutter County Board of Education

Series 5000 – Student

Shady Creek Outdoor School Program should engage the SCSOS, Program Director and the Food Service Supervisor, in selecting foods in order to identify new, healthful, and appealing food choices. In addition, Shady Creek Outdoor School Program should share information about the nutritional content of meals with those interested. Such information could be made available on menus, a website, on lodge menu boards, or posters.

Free and Reduced-priced Meals

Shady Creek Outdoor School Program will make every effort to eliminate any social stigma attached to, and prevent the overt identification of students who are eligible for free and reduced-price school meals¹.

Meal Times and Scheduling

Shady Creek Outdoor School Program, to the extent possible:

- Will provide students with at least 10 minutes to eat after sitting down for breakfast and 20 minutes after sitting down for lunch;
- Will ~~Should~~ schedule meal periods at appropriate times, e.g., lunch should be scheduled between 10 am and 2 pm;
- Will provide students access to hand washing or hand sanitizing before they eat meals or snacks; and
- Will ~~Should~~ take reasonable steps to accommodate the tooth-brushing regimens of students with special oral health needs (e.g., orthodontia or high tooth decay risks).

Accommodations for Children with Disabilities in the Child Nutrition Programs

The Food and Nutrition Service (FNS) is committed to ensuring that all children have access to healthy meals that meet their dietary needs. FNS has facilitated access for children with special dietary needs through the Child Nutrition Programs (National School Lunch Program (NSPL), School Breakfast Program (SBP), Special Milk Program, Child and Adult Care Food Program and Summer Food Service Program regulations, (NSPL 210.10(m), SBP 220.8(d)CACFP 226.20(m) and SFSP 225.16(f)(4)) and guidance, which include FNS Instruction 783.2 Meal substitutions for medical or other special dietary needs and accommodating children with special dietary needs in the school nutrition programs

Guidance on prohibition of Separation by gender during Child Nutrition Program Meal Service

Policy Approved

Board Policies and Regulations Manual Sutter County Board of Education

Series 5000 – Student

School food authorities (SFA's), organizations, and institutions impacted by this guidance are those participating in any of the following Child Nutrition Programs: NSP, SBP, Fresh Fruit and Vegetable Program, SMP, CACFP and SFSP. These include any schools, child or adult care institutions and facilities, camps (including residential facilities, and other sites, as defined in 7 CFR §§ 210.2, 215.2, 225.2, and 226.2), that are providing meal service as a Program activity. In general, SFA's, institution, and organizations participating in the Child Nutrition Programs are not permitted to separate children on any protected basis during the serve of Program meals or snacks, in keeping with Federal non-discrimination laws and policies outlined for the Department of Agriculture (USDA) programs in 7 CFR Parts 15, 15a, and 15b. Federal law prohibits discrimination based on gender at any education institution Federal assistance.

Access to Drinking Water

- Students and school staff members will have access to free, safe, fresh drinking water at all times throughout the school day. Water will be available in the Shady Creek Outdoor School Program Holland Hall Dining Room at all meal times.
- Shady Creek Outdoor School Program staff will be encouraged to model drinking water consumption.
- Maintenance will be performed on all water fountains regularly to ensure the hygiene standards for drinking fountains, and other methods for delivering drinking water maintained.

Qualifications of School Food Service Staff

Qualified Food Service Management will administer the school meal programs. As part of Shady Creek's responsibility to operate a food service program, Shady Creek will provide the avenues for continuing professional development for all food service personnel². Shady Creek recognizes the cultural diversity within the student population and will include as a part of staff development to reflect the diversity of healthy food traditions in the student population. Staff development programs should include appropriate certification and/or training programs for cafeteria workers according to their levels of responsibility.

Sharing of Foods and Beverages

Shady Creek does not allow the students to bring food/snacks from home. When students are given snacks, for health reasons, they are told not to "share" their snacks.

² school nutrition staff development programs are available through the USDA, School Nutrition Association, and National Food Service Management Institute.

Series 5000 – Student

III. Nutrition and Physical Activity Promotion and Food Marketing

Nutrition Education and Promotion

Shady Creek aims to encourage and support healthy eating by students. Shady Creek should, to the extent possible, provide nutrition information through signage and by meals served, in MyPlate© (i.e. fruits, vegetables and whole grains).

Communications with Parents

Shady Creek will keep the communication lines open to parents, concerned with the dietary needs of their child, while they are at Shady Creek. If needed, with follow-up. The Shady Creek web-site is also a good resource³.

IV. Physical Activity Opportunities

Daily Physical Activity

All students in attendance at Shady Creek Outdoor School will receive daily instructional trails (walking/hiking) towards their physical exercise. 150 minutes per week for elementary school students and 225 minutes per week for middle and high school students. Shady Creek will provide adequate space/equipment and conform to all safety standards.

Supervised Recreation

All elementary school students will have at least 20 minutes a day of supervised recreation, preferably outdoors, during which schools should encourage moderate to vigorous physical activity verbally and through the provision of space and equipment.

Shady Creek will offer a range of activities that meet the needs, interests, and abilities of all students including boys, girls, students with disabilities, and students with special health-care needs.

Students attend Shady Creek during their 5th or 6th grade year of school. While students are attending Shady Creek, they are active on trails for 60 minutes per class, during evening activities (night hikes and fun night dance); they will also receive 30 – 40 minutes of ‘recreation/teacher time’ times a week.

Physical Activity and Punishment

Teachers and Shady Creek staff will not use activity or withhold opportunities for physical activity as a punishment.

Safe routes to school

**Board Policies and Regulations Manual
Sutter County Board of Education**

Series 5000 – Student

Once the students arrive at Shady Creek, via school bus or car from their own schools, there is no a need to transport students. This area is not applicable.

Use of school facilities outside of school hours

Not applicable

V. Monitoring and policy review

Monitoring

The Shady Creek Director will ensure compliance with the nutrition and physical activity wellness policy. The Shady Creek Director and the Food Service Manager will ensure compliance with those policies at Shady Creek.

School food service staff, at Shady Creek, will ensure compliance with nutrition policies within school food service areas and will report on this matter to the Food Service Manager and the Director.

Policy review

To help with the ongoing development of Shady Creek’s wellness policy, Shady Creek will conduct periodic reviews and identify and prioritize any needsto ensure that policies and procedures are met.

Assessments will be repeated every year to help review policy compliance, assess progress, and determine areas in need of improvement. As part of that review, Shady Creek will review eating and physical activity; and program elements. Shady Creek will, as necessary, revise the wellness policies and develop work plans to facilitate their implementation.

The following information will be included in this assessment:

- the extent to which Shady Creek is in compliance with the wellness policy
- a comparison of the Shady Creek policy to model other school wellness policies
- the progress made in attaining the goals of the policy
- any recommendations to change the policy
- detailed action plan for the following school year to achieve annual goals and objectives
- any additional information required by the USDA

This assessment shall be posted along with the Shady Creek Outdoor School Program Wellness Policy.
